

CORRIGENDUM

MAI Journal 2(2), 2013

Allan, P., & Smith, H. (2013). Research at the Interface: Bi-cultural studio in New Zealand. *MAI Journal*, 2(2), 133–149.

The caption for Figure 7 on page 139 is incorrect. It should read:

Ecological decline in Lake Waiorongomai Stream to sea, which was once a revered mahinga kai. Today the stream is choked with water celery weed (*Apium nodiflorum*), an indicator of highly nitrified water due to stock access to water. Photograph taken 12 March 2012. Source: Huhana Smith.

The authors regret this error.
